PROFESSIONAL SUMMARY

I love building websites with React, Next.js, and Node.js. Whether it's starting from a design or bringing a new idea to life, I enjoy turning concepts into real, working products. I'm always eager to learn and explore new technology. With a background in computer engineering, I think about more than just the code, I consider how software and hardware work together. I focus on building solutions that are not only well-made but also simple for others to use, understand, and improve down the line.

CORE EXPERTISE

Languages: JavaScript, TypeScript, PHP, Python

Frontend: React.js, Next.js, Tailwind CSS, HTML5, CSS3

Backend: Node.js, GraphQL, REST APIs, MySQL, PostgreSQL, React Query

Tools: Git, Docker, Linux, Figma, VS Code

PROFESSIONAL EXPERIENCE

Software Engineering Intern

2025 – Present

- **Chiurika eCommerce Platform:** Rebuilt frontend components from Figma designs, resolved 12+ backend defects, and optimized GraphQL queries, improving data fetch performance by 25%.
- **School Management System (CTF):** Designed a modular evaluation modal that automated annual, class-wise, and individual performance reports for 500+ students.
- **Vibe Dynamic Form Builder:** Developed a dynamic form system that converted submissions directly into structured student records, reducing manual data entry by 80%.
- **InfoCare Nepal Website:** Refactored legacy frontend codebase to improve maintainability, responsiveness, and performance. Lead a full UI/UX redesign focused on accessibility, visual hierarchy, and streamlined user navigation.
- **GIS Municipal Research:** Built spatial data models to support municipal planning and improve geographic visualization for data-driven governance.

EDUCATION

Bachelor in Computer Engineering

2021 – 2025

Gandaki College of Engineering and Science, Lamachaur, Pokhara

Secondary Education

2013 – 2020

Shree Shiva Secondary School, Kawasoti, Nawalpur

ADDITIONAL

Languages: English (Professional), Nepali (Native), Hindi (Professional)

Interests: Cricket, Strategic Chess, Table Tennis, Open Source Development, Emerging Web Technologies
